

Can using less give you more?

SIX EASY STEPS™ is helping farmers in the Burdekin run a more profitable business through improved nutrient management skills.

We invite growers in the Burdekin to attend one of two SIX EASY STEPS™ workshops being run in August.

This program provides guidelines on how to implement balanced nutrition on-farm with the ultimate aim of optimising productivity and profitability, without adversely influencing soil fertility or causing off-farm effects.

This practical, one day workshop focuses on applying the SIX EASY STEPS™ guidelines to your situation. All attendees are asked to bring soil analysis results and will learn how to develop nutrient management plans for their farm.

John Panitz from SRA will conduct the workshop, with Evan Shannon who'll provide specialist local knowledge.

Dates

Monday 29th and Tuesday 30th August 2016
(Two one-day workshops are being conducted)

Venue

Burdekin PCYC
164 MacMillan Street, Ayr

Time

8.30 am – 3.00 pm

RSVP

Andres Jaramillo by emailing
ajaramillo@sugarresearch.com.au or
phone 0475 973 282.

Please RSVP by 22nd August as places are limited.

This workshop is free of charge to Burdekin growers. Smoko and lunch will be provided.
