A total of 389,453 tonnes was crushed last week, which is the best weekly total for the season to date. Pioneer and Invicta mills achieved their highest weekly throughput for the season.

CCS levels have also risen, with the Burdekin weekly average now sitting above 13 units for the first time this season.

In the coming week, Invicta's A side will stop for a clean on Tuesday.

Members of the public are reminded to take care as they approach all cane rail crossings. Our cane trains operate 24 hours a day, seven days a week.
