Comments:

A total of 369,000 tonnes was crushed in a week where all mills had scheduled cleaning stops.

Inkerman and Invicta's A side will both stop for scheduled cleans this Thursday.

With school holidays due to commence at the end of this week, I'd like to remind everyone to be extra vigilant and watch out for children when operating vehicles or machinery.

Parents and guardians are urged to reinforce the importance of staying well clear of train corridors and agricultural operations.
