Comments:

Burdekin factories continue to crush well, achieving a season high throughput of 395,000 tonnes of cane for the week.

Pioneer and Inkerman mills will stop for scheduled cleans on Tuesday, with a clean also scheduled for Invicta's A side on Thursday.

The highest CCS sample for the week was 17.4, recorded in the Inkerman area.

We have just wrapped an incident-free school holiday period on our cane rail network, and thank everyone for their efforts in this regard.
