

Monday, 20 August 2018

Dear Grower,

Loading at Inkerman Mill has been reduced to about 1100 tonnes today due to overnight issues with an injection water pump.

- Crews worked through the night to replace the motor on the failed pump.
- We will shut down the boilers around midnight for a planned 18-hour stop to resolve issues with No. 1 boiler, run a caustic clean, change a bagasse conveyor belt and conduct other maintenance
- Tomorrow's loading will be reduced to around 7000 tonnes.

Best regards

PETER LUKE

Burdekin Cane Supply Manager
