Comments:

A total of 298,000 tonnes of cane was crushed last week, which was also the final week of crushing for two of our Burdekin mills.

Kalamia tipped its last cane on Thursday (8 November) and Invicta on Saturday (10 November). Pioneer tipped its last cane on Monday of this week.

The last bin for the 2018 Burdekin crush is expected to be tipped at Inkerman late this week.

The total Burdekin crop is expected be around 8.02 million tonnes.

Cane trains will continue to move about the district for several days after the last cane is crushed. Please continue to take care at level crossings.
