Proserpine: New Grower Relationship Manager Karen Vloedmans

QSL this week welcomed our new Proserpine Grower Relationship Officer **Karen Vloedmans**. Karen has been a resident in the area for 17 years and will be a familiar face to many through her involvement on various local boards, including the Proserpine Chamber of Commerce, Tourism Whitsunday and the Community Bank. In her new role with QSL, she'll be focused on providing support to local growers and manning the Proserpine office five days a week from 9am to 3.30pm Monday to Friday. To speak with Karen, drop by our Proserpine office or give her a call on **0429 804 876**.

2019 Deferred Advances paid

Growers who elected to receive Deferred Advances for the 2019 Season had these paid this week. Please note:

- Participating growers who **delivered cane last week** were paid one amount reflecting both the sum total of their deferred June payment/s and the sugar

payment due for last week's deliveries. Their latest QSL statement details last week's delivery. If the farm/s which delivered last week also had deferred Advances because they had previously delivered, the amount of those deferred Advances will be represented as an opening balance.

- Participating growers who **didn't deliver cane last week** for the farm/s which had deferred payments pending have also received their deferred payment, but won't receive a statement capturing this payment until they next deliver cane for those farms. Regardless of when that is, their next QSL statement for that farm will represent the deferred payment as the 'Opening balance'.

For further information about deferred payments, please contact your local Grower Services Team representative or the QSL Direct helpline on **1800 870 756**.

Changes ahead? Let us know

Growers with a QSL Grower Pricing Agreement (GPA) who are planning changes to their farm's operating structure, such as a farm sale, new lease or subdivision, are asked to complete a QSL Farm Sale/Lease Information Form. This form initiates the documentation process by gathering basic information about the transaction to enable QSL to prepare the Deed of Acknowledgement and/or Deed of Novation needed to implement associated pricing transfers. While this can be done during or after the transaction, it's ideally done before the change to your farm arrangements occurs. To obtain a form, please contact your local QSL Rep or download it by clicking [here](#). Completed forms should be returned to your local QSL office or emailed to qslirect@qsl.com.au. For further information, please contact

your local QSL rep or the QSL Direct team on **1800 870 756**.

Market Snapshot

We can officially say goodbye to July19 and welcome October19 as the new prompt contract. Expiry week was busy and volatile, with prices swinging wildly

and deliveries reported at a near record 2 million tonnes of sugar. The biggest surprise was finding 1.1 million tonnes of Brazilian sugar delivered to the tape, when Brazil has been running the highest mix of ethanol for the past 18 months.
