

Tuesday, 15 October 2019

Dear Peter

- We've now completed close to 90 per cent of the planned repair work at Pioneer Mill and are well ahead of schedule.
- At this stage, we are planning to re-start crushing operations before the weekend.
- We will confirm our re-start plans tomorrow morning and send you a further update.
- Our logistics team will communicate directly with Pioneer area harvesting groups.

Best regards

PAUL TURNBULL

Burdekin Regional Operations Manager
