Accelerated Advances lift December cash flow

Looking to increase your cash flow prior to Christmas?

QSL's Accelerated Advances option is designed to maximise the amount of Advances paid to participating growers prior to the end of the year, with its Advances rate rising to 90% each December and remaining at 90% until the QSL Standard Advances rate also reaches 90% in April or May the following year.

The QSL Accelerated Advances payment option is only available for:

- Tonnage nominated to the QSL Guaranteed Floor Pool;
- Completed pricing in the Target Price Contract;
- Completed pricing in the Individual Futures Contract; and/or
- Novated pricing (Mackay Sugar growers)

Growers who choose to receive Accelerated Advances have this payment option applied to all qualifying tonnage they may have that season in any of the pricing products outlined above. In order for tonnage in the Target Price Contract and Individual Futures Contract to be eligible for this payment option, the entire nomination in that particular pricing product for the season must be filled by 30

November.

Nomination Date and Process

QSL accepts nominations for Accelerated Advances up until 30 November of the season in question. To nominate for 2019, just follow these simple steps:

- Log onto your QSL Direct account and select the ABN in question;
- Select the 2019 Season and click on the Season Preferences tab;
- Under the 'Advances & Cashflow' section, select ACC as the Advances Option; and
- Click on the 'Submit' button to confirm the change.

For further information regarding QSL's Accelerated Advances payment option, please read the Pricing Pool Terms of the eligible pricing products, or contact your local QSL representative.
