**DR KAYLEE
BOCCALATTE**

on March 28 to
BURDEKIN COUNCIL

Meet Kaylee

I am Kaylee Boccalatte, a cane farmer, academic and mother of four from Rita Island.

My background is in business and academia. I have extensive experience as a manager and director in manufacturing and road transport commercial operations. I hold a range of academic qualifications with expertise in the fields of business, management and economics. Most importantly, I am passionate about ensuring a stable future for the Burdekin and looking after the local residents, young and old.

If elected as your councillor, I will:

STRENGTHEN our Community

We need to ensure we maintain our central locations of Ayr and Home Hill. However, we must look after our smaller communities - those "out of town" communities that are easily forgotten. Everyone deserves safe roads and basic services.

SUPPORT our Economy

Farmers and small business are the backbone of our community. We need to support them. We must make sure we have appropriate practices in place to facilitate a strong and sustainable economic future for our town.

IMPROVE our Future

The Burdekin has great potential. We need to capitalise on this potential and create the best version of the Burdekin that we can. This will require a team effort. I will listen to what you want and implement strategies necessary to achieve our goals.
