- NY Flat price: October contract closed Friday at 12.67 cts/lb last week, slightly up from 12.63 cts/lb a week earlier.
- NY spreads: October/March spread closed at 58 points carry, slightly weaker than a week earlier of 56 points carry.
- London market: October White Premium weakened closer to \$90/mt from the highs of \$98.3/mt a week earlier. Oct/Dec spread weakened to \$0.1/mt, down from \$4.6/mt last Friday.

• **COT report**: Specs increased massively net-long positions to 148.3k lots, up 54k lots week on week. Index funds traders were on the sale side and sold net 6k lots and now hold 236.7k lots of net-longs. Commercials positions increased by 48k lots week on week to 385k lots of net-shorts.

- Pakistan issued the import tender for 100k mt of white sugar.
- The Australian harvest has been disrupted by heavy rainfall.
- In Europe the dryness across France, Germany and other countries would likely bring the crop below 17 million mt for the 20/21 season.
- The line-up in Brazil is still strong.

- Ethanol continues to pay less than sugar in CS Brazil.
- Sugar production during 2H of July in CS Brazil would likely hit almost 3.5 million mt.
- Sucrose content in Russia is higher than expected and production should be around 5.6-5.7 million mt for the 20/21 season.

 In Q3 2020 (August is in the lineup) Indian mills exported 913k mt of sugar – 450k mt of crystals, 400k raws and 70k mt of refined sugar.

The main destinations for crystals was

Afghanistan and Sri Lanka, importing almost 50% of the crystals.

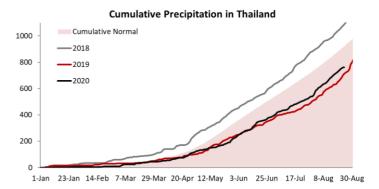

- Raws were still flowing to Iran and there is a lineup for Indonesia.
- This brought total exports from October to date at 5.3 million mt – 2.6 million mt crystals, 2.5 million mt raws and 160k mt of refined sugar.

In 2020/21 season due to the huge crop (monsoon rains were great so far) we should expect similar export numbers.

Refineries exports in Q3 (August is in the lineup) is at 664k mt, with biggest destination as Sudan – most of the August expiry sugar is going there.

Thailand: Weather Update

So far in August Thai regions received good rains and the 15 day forecast shows above average rains almost everywhere.

In August this would mean that the Northern regions would receive average rains, while other regions would receive 80% of normal.

Russia: Beets Harvesting started

The latest beet tests as of August 1 showed that beet weight on average was at 300 grams, down from 348 grams last year.

Sucrose content however was much higher year on year at 15.2% on average.

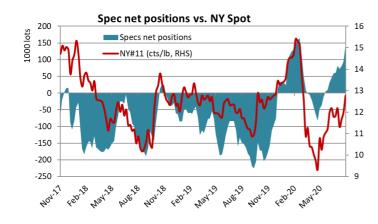

Harvesting started in the South and 3.3k ha were harvested with 146k mt of beets lifted with the yields of 44.33 mt/ha, around 2 mt/ha higher than last season.
