

NEW RECORD-KEEPING REQUIREMENTS FOR AGRICULTURAL CHEMICAL USE

Please also refer to “*Bio Security Alert*” issued by Department of Agriculture and Fisheries that was uploaded to web page in member news on 5th August.

KCGO has developed a template to assist members in recording the appropriate information to meet the reporting requirements of chemical application in terms of [Chemical Usage \(Agriculture and Veterinary\) Control Act 2017](#) Some additional information in the form of “Notes for Sugar Cane” that pertain to prescribed Agricultural Environmentally Relevant Activity (ERA) is also included.

Additional information can be sourced by [clicking here](#).

Should members require a hard copy of template please do not hesitate to contact this office whereby copies will be printed for members use.

Les Elphinstone
Manager KCGO
