

## Choose a *pre-season payment* that works for you

Dear Les

We've made our **pre-season payment** more flexible than ever, so you can make it work for you.

You choose how you receive the pre-season payment, when you receive it, and how you pay it back.

All at a **competitive fixed interest rate** - currently **2%**.

To choose a pre-season payment that works for you, nominate Wilmar as your GEI Marketer for 2022.
