

## Welcome to the new ChemCERT website

ChemCERT is delighted to announce the launch of its new website to coincide with the Company's new logo and branding. Most importantly, the new website **makes it easier** for students:

- **to locate and book into an AQF3 course at the closest venue to the student**
- **to find the online course information**
- **to get a replacement ChemCERT card**
- **to search 'Resources' for relevant information is now also much simpler**

Over the next few months, ChemCERT will be **launching new courses and new initiatives**. These courses are centred around safety and best practice techniques in the agricultural sector.

## Australia's growing smarter

With 25 years of experience behind us we are looking forward to helping grow a smarter more prosperous Australia.

Partnering with industry leaders to provide the best training will

be a major focus for ChemCERT in the next 12 months, along with some new training products that will be made available.

### Our mission

## New ChemCERT CEO

ChemCERT is excited to announce the appointment of Brenden McMahon as ChemCERT CEO.

He previously held the role of Senior Executive with ChemCERT and provides extensive knowledge of Vocational Training, AgriBusiness and Primary Production.

After navigating the exit from COVID restrictions he is eager to engage with our industry and to attend courses/ events in the future.
