

KCGO MEMBERS – Horan & Bird Tariff Comparison & Prices

Dear Members,

Paul Horan from **Horan & Bird** has offered to meet with our growers to show them the price comparisons between the tariffs at NBE and Ergon.

Horan & Bird offer 3 energy tariffs that are suitable for growers, depending on the consumption and what network tariff the grower has been placed on and Paul has offered to build a quote comparison in front of each grower so they can see exactly how it works and how it may assist with a saving in your electricity bills.

Paul will be available for appointments to quote each member at the KCGO office on:

Tuesday, 7th September 2021

Wednesday, 8th September 2021

If you would like to hear what Paul has to offer through Horan & Bird, please contact the office to make a time to talk with him.

Please bring your current Ergon Energy bill so Paul can view your current tariffs and data so he can compare.

Please phone the KCGO office on PH 47 83 13 12 for appointments.

Thank you

Regards,

Dave Paine

KCGO MANAGER
