Why choose Next Business Energy?

We're an award winning, Australian based electricity retailer focussed on helping your business save on energy costs. These days, it's more important than ever to reduce overheads to help your business thrive.

Business Energy specialists

Next Business Energy specialise in servicing small to medium businesses. This means that we can focus all our attention on providing the best service to our business customers.

Competitive rates with real savings

Our aim is to provide the most competitive rates in the market and offer free 24/7 online energy analysis tools.

Australian Operated

Need Assistance? Our experienced Australian-based call centre is here to help you with any enquires you may have, whether it be switching to Next Business Energy, moving office or a free, like for like energy bill cost comparison.

Need electricity for your home?

While we specialise in business customers, we can also supply electricity to your home. Why not compare our rates to your current retailer to see if you can save.
