Early-Start Actively Managed Pool

The 2022-Season Early-Start Actively Managed Pool is now accepting nominations. This is a QSL-managed pool that prices 2022-Season sugar in the same manner as the Actively Managed Pool, but over a longer pricing window.

Nominations will close **31 October 2021**, with the pool's pricing window commencing from the first trading day after this date.

Rolling reminder

Growers using the 2021-Season Target Price Contract are reminded that any unpriced tonnage in this product remaining after **20 September 2021** will be automatically rolled to the next contract. This roll may incur a cost in addition to the previous roll cost of \$1.46 already applied for the July/October 2021 roll.

Growers using the 2021-Season Individual Futures Contract and Self-Managed Harvest Contract are reminded they have until **15 September 2021** to price or roll any nominated tonnage in the October 2021 contract. Rolling is optional for these two products and can be done at any time prior to this deadline via your QSL Direct account. Roll costs may also apply.

For an estimate of potential roll costs for the products mentioned above, please see our latest Indicative ICE 11 Prices table in the Daily Price email or [click here](#).

Don't miss our next video market update, scheduled for **Wednesday 15 September from 4pm** with QSL Senior Manager, Marketing & Logistics **Andrew Phipps**. These 5-minute snapshots provide a great overview of the key themes affecting sugar prices for Australian producers, and are available to watch any time via our [Facebook page](#).

Transaction summaries

QSL Direct growers are reminded that they can find a handy summary of all their QSL transactions for the last financial year within the **Financial**

Reports section of their QSL Direct accounts. Quarterly and Annual Grower Account Statements are provided for each season you have marketed with QSL.

Tax time reminder

QSL growers in Wilmar milling districts are reminded that our new GST arrangements came into effect from 1 July 2021. As a result, **our previous tax treatment applies for any 2020 and 2021-Season QSL payments made in the last financial year.**

Remember, the simple rule of thumb is:

Old Statement Format = Old GST Treatment

New Statement Format = New GST Treatment
