Dear Grower

Cessation of Harvesting & Crushing – Clause 6.5 of the Cane Supply Agreement (CSA)

Based on an expected final crop of 1.55 million tonnes, forecast factory throughputs and no further rain disruptions, harvesting in the **Kalamia Mill** area is currently expected to finish on **Tuesday 9 November 2021**.

All cane is to be delivered to the relevant siding by 6pm on this date.

This date will be reviewed regularly and any changes will be advised through Wilmar Sugar's GrowerWeb and the weekly production report in the local media.

All growers are asked to check that the estimate of cane remaining on each of their blocks is current. Any changes are to be made available to your logistics officer.

End of Crushing Season Adjustment

In accordance with Clause 4, Schedule 2 of your CSA, the End of Crushing Season Adjustment pay will be made as soon as practicable after the end of the crushing season.

Payment will be based on either the CSA payment method or PPA payment method based on a grower's marketing nomination.

Finally, on behalf of our team I would like to take this opportunity to thank you for your efforts throughout the 2021 season.

Yours faithfully
