**Comments:**  
Throughput this week of just under 240,000 tonnes was under budget as the three north bank mills crushed out during the week.

The last day of harvesting at Kalamia was the 9th Nov, Invicta the 10th Nov, Pioneer the 12th Nov and Inkerman is forecast to finish on the 24th Nov.

A wet weather event on Friday evening impacted harvesting at Inkerman extending the finish date as a result.

The average weekly CCS continues to trend below budget at 14.39.
