## Advances rate increase

The Standard QSL Advances rate will increase to 77.5% from 15 December 2021.

This represents a 5% increase on the current rate.

From 15 December, those growers who have nominated to receive Accelerated Advances in the 2021 Season will also move to an Advances rate of 90% for their filled grower-managed pricing and/or Guaranteed Floor tonnage.

## On a roll in the QSL App

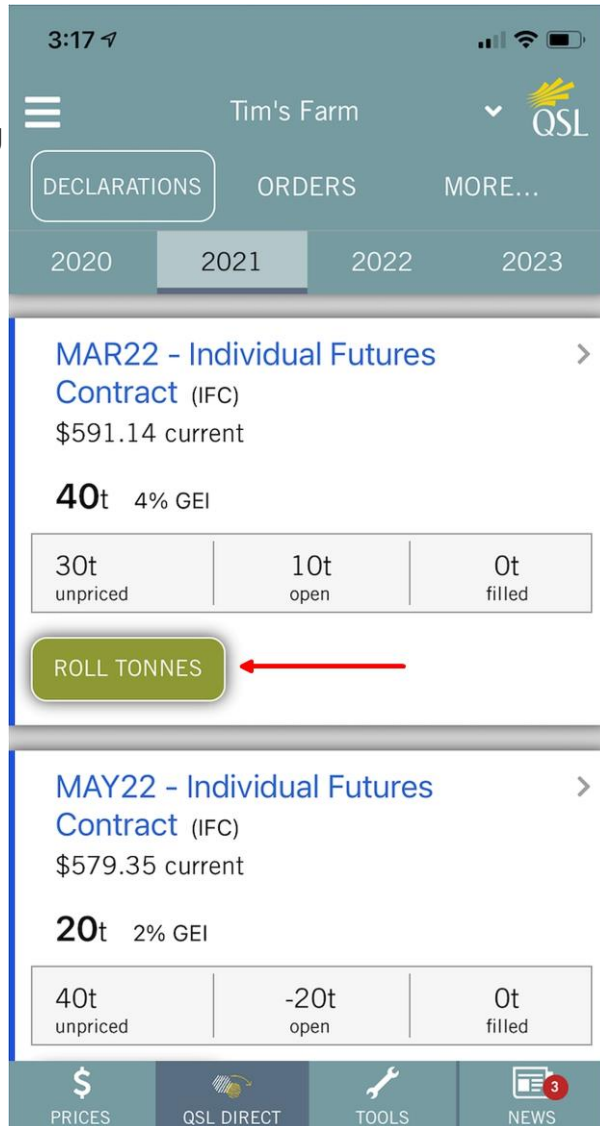

Growers using QSL's Individual Futures Contract and Self-Managed Harvest Contract pricing options can now roll any eligible tonnage on demand by using the QSL App.

Rolling extends the time available to achieve pricing in these products to as late as mid-April in the year after the harvest, providing unmatched flexibility for up to 98% of your QSL tonnage.

You can elect to roll unpriced tonnage in the prompt contract on any working day prior to the Pricing Completion Date for that contract. To do so, just log on to your QSL Direct account via the QSL App, open the relevant order, and then hit the **'ROLL TONNES'** button, as shown at right.

There is no fee to roll tonnage, however you will incur an adjustment representing the cost associated with re-establishing your positions in the new contract.

You can find an estimate of this roll adjustment on the QSL website and our Daily Price email, or by contacting your local QSL team.

## **Non-delivery options**

QSL offers its growers a number of options to help address over-commitment, including washing out positions or rolling pricing forward into the next season.

QSL growers who have failed to deliver their committed sugar should contact their local QSL team as soon as possible to help find the lowest-cost option available within the current market for their particular pricing position.

## **India must pass its sugar test**

Meeting in London, the Global Sugar Alliance has urged all countries to defend the multilateral trade system, reaffirmed its full support of the case Australia, Brazil and Guatemala have taken in the World Trade Organization against India's sugar subsidies, and called on India to comply with its international obligations.
