

Monday, 18 July 2022

- With the continued fine weather, ground conditions have improved enough for all Burdekin mills to restart this week.
- Our current restart plans are:
 - Invicta Mill - tomorrow morning
 - Kalamia Mill - tomorrow morning
 - Inkerman Mill - Wednesday morning
 - Pioneer Mill - Wednesday evening
- It is appreciated that ground conditions in some areas are still less than ideal.
- However, harvester operators are urged to take extra care to keep dirt levels to a minimum. This will help prevent mud-related factory stops.

Best regards

JOHN TAIT

Burdekin Cane Supply Manager
