WILMAR POOL PERFORMANCE

2017-2021 SEASONS

AS AT 30 JUNE 2022

COMPLETE TRANSPARENCY

Our [latest pool performance report](#) is out.

Our 12th quarterly update compares the results for Wilmar's Production Risk, Managed and US Quota pools with QSL's equivalent pools for the 2017-2021 seasons.

It also provides like-for-like comparisons of associated marketing fees for 2017 and 2021.

We started publishing pool performance comparisons in 2019 as part

of our commitment to transparency in reporting. The figures in our updates are the same as those published in other official reporting channels. They also mirror the actual amount paid to growers.
