Target Price Contract roll

Any 2022-Season Target Price Contract tonnage which was not priced by 20 September has now been rolled forward and an additional adjustment of +\$5.24/tonne has been applied. This means the total 2022-Season Target Price Contract adjustment is now **+\$4.67/tonne gross actual**, incorporating a -\$0.57/tonne July roll plus the +\$5.24/tonne October roll.

As a result, unfilled 2022-Season Target Price Contract orders must now only reach their target less \$4.67 in order to be filled.
