

WILMAR CSA UPDATE

Subject: Changes to Schedule 1 of the CSA

Good afternoon

Wilmar is streamlining the online process that growers use to change the details contained in Schedule 1 of their CSA. Growers will no longer need to sign a new CSA every time they change GEIM nominations, expected area of supply or nominated tonnes.

Once a grower's nominations have been entered and validated in growerweb a new version of Schedule 1 will be created. The details in the new Schedule 1 will supersede any previous version of Schedule 1, including the version in the signed CSA. The new Schedule 1 will be in a separate file which will be available in the "My ABN Documents" section of the Growerweb alongside a copy of the CSA.

Growers will still need to sign a new CSA if:

1. they are a new grower entity which has not signed a CSA
2. they change CCS pools (CSA Opt Out)
3. new CSA terms have been agreed by their bargaining representative

This changes will be put into production on 19 January 2023. A mailchimp email will be sent to all growers in the week prior to advise them of the change.

Please give me a call with any questions or issues you may have with the planned changes.

Kind regards,

Steve Postma
