Dear Grower

Cessation of Harvesting & Crushing – Clause 6.5 of the Cane Supply Agreement (CSA)

Based on an expected final crop of 1.52 million tonnes, forecast factory throughputs, no further rain disruptions and planned transfers between mill areas, harvesting in the **Kalamia Mill** area is currently expected to finish on **Friday 17 November 2023**.

All cane is to be delivered to the siding by **4pm** on this date.

This date will be reviewed regularly and any changes will be advised through Wilmar Sugar's GrowerWeb and the weekly production report.

All growers are asked to check that the estimate of cane remaining on each of their blocks is current. Any changes are to be communicated to your logistics officer.

On behalf of our team, I would like to take this opportunity to thank you for your efforts throughout the 2023 season.

Yours faithfully
