

OFFER OF AN INCENTIVE FOR PURCHASING PLANT SEED CANE

Dear member,

Your directors remain committed that it is in all members' interest to seek to maximise the use of seed cane in planting to minimise the risk of disease in your crop.

As a result, the Directors of Kalamia Cane Growers Organisation Ltd have decided once again to extend members an incentive for 2024 purchases of **plant seed cane**, subject to the following conditions:

- Rebate of **\$10 per tonne** for **plant seed cane** purchased up to a **maximum of 25 tonnes (i.e. maximum rebate payable of \$250)**.
- Members are eligible for a rebate irrespective of which plot seed cane is purchased from.
- **Rebate is only applicable to "Plant Seed Cane" as per Burdekin Productivity Services District Plot Price list (shown as Seed Cane) i.e., Rebate does not apply to "Commercial Plants or Mother Plot Plants".**

It is recommended that growers confirm with BPS field staff prior to purchase that "Plant Seed Cane" is being acquired and is not "Commercial Plants or Mother Plot Plants" in order to be eligible for rebate.

To receive this incentive, please provide copies (by email, post or in person) of the following information for a prompt refund:

- **Plant Seed Cane purchase invoices**
- **Evidence of payment (receipt)**
- **Members' nominated bank details**

Burdekin Productivity Services has also asked that growers articulate to them their seed plant requirements as soon as practical if they have not already supplied necessary orders.

Please Note: Opening of plot to be advised due to current wet field conditions.

For orders, please contact the following field officers:

Pioneer Growers - Ph. 0439 375 411 (Jack Edwards)

Kalamia Growers – Ph. 0447 209 152 (Eddie Fabbro) or Ph. 0427 167 159 (Kristine Patti)

Regards

Allan Parker

KCGO Manager/ Company Secretary
