MADE IN AUSTRALIA
The management system governing the manufacture of this product is ISO 9001:2015 compliant. This label complies with the National Code of Practice for Fertiliser Description and Labelling.

Nu-Edge Solutions Australia warrants that this material conforms to the chemical description on the label. However, Nu-Edge Solutions Australia makes no other warranties of any other kind express or implied with regard to this product. This product is sold upon the condition that the buyer and/or user assumes all the risks of the use and handling of the material as well as the results obtained for its use. Every care has been taken during manufacture of this product. However climatic and soil conditions, irrigation application methods and agricultural practices are beyond the control of Nu-Edge Solutions Australia and cannot be foreseen. No responsibility can be taken by the manufacturer, distributor or their agents for any injury, damage loss or other results following the use or misuse of this product. The buyer accepts and uses this product subject to these conditions.
