

Monday, 4 March 2024

Dear Grower,

- Your 2024 Estimate Feedback Map is now available on [GrowerWeb](#).
- Your map includes a **preliminary crop estimate**, based on your farm's past production history.
- Our logistics officers will be visiting farms over the coming weeks to ground-truth the estimates.
- It is important that you check your farm map carefully and advise us of any changes or errors.
- Please carefully review your crop estimate and provide feedback for consideration by your Logistics Officer.

Best regards

JOHN TAIT

Burdekin Cane Supply Manager
