2024-Season pricing options reminder

QSL Growers have until **30 April 2024** to nominate which pricing options they would like to use for the coming season. In addition to their share of the highly lucrative US Quota Pool, growers can choose from a combination of the following options for the 2024 Season:

QSL-MANAGED POOLS

- Actively Managed Pool
- Harvest Pool

GROWER-MANAGED OPTIONS

- Target Price Contract
- Individual Futures Contract
- Self-Managed Harvest Contract (also available from 1 May via the Harvest Pool Opt Out. Not available in MSF Sugar milling districts)

QSL Direct growers can nominate GEI Sugar tonnes to these products via the QSL App or portal. Growers in non-QSL Direct regions can nominate via their Miller's nomination forms. Any GEI Sugar tonnes not nominated to a pricing option after 30 April 2024 will default to QSL's Harvest Pool.

More information on QSL's pricing options, including product overviews and terms, is available by [clicking here](#).
