

QSL quarterly ledgers now available

QSL Direct growers can find a summary of all their QSL transactions for January 2024 to March 2024 in their latest Quarterly Ledger in their QSL Direct accounts.

2023 Loyalty Bonus

Did you know that QSL has paid its growers more than \$19 million in Loyalty Bonus payments since 2017?

To receive this bonus payment in your 2023 QSL Advances, you just need to have also nominated QSL as your marketer for the 2024 and 2025 Seasons by **30 June this year**.

You can see whether you're already receiving this payment by checking the 'Sugar Payments' section of your QSL Statement.

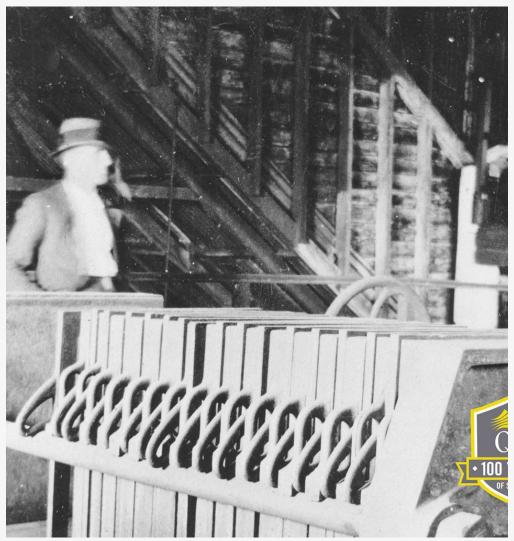

Changes to your farm structure or thirdparty payments?

It's important for QSL Direct growers who are planning any changes to their farm's operating structure to inform their local QSL team as soon as possible. This includes changes to ABNs and farm ownership. Growers are also reminded that all third-party payment arrangements they have in place for the 2023 Season with QSL will automatically roll into the 2024 Season. If there has been any change to your third-party payment arrangements, including extension or expiration of lease and share farming agreements, please let us know.

Grower Updates

Growers are invited to join CEO Greg Beashel and General Manager Marketing Mark Hampson for an information and market update in April. Details of regional events can be found by clicking here.

Celebrating a century of service

2024-Season pricing options reminder

QSL Growers have until **30 April 2024** to nominate which pricing options they would like to use for the coming season. In addition to their share of the highly lucrative US Quota Pool, growers can choose from a combination of the following options for the 2024 Season:

QSL-MANAGED POOLS

- Actively Managed Pool
- Harvest Pool

GROWER-MANAGED OPTIONS

- Target Price Contract
- Individual Futures Contract
- Self-Managed Harvest Contract (also available from 1 May via the Harvest Pool Opt Out. Not available in MSF Sugar milling districts)

QSL Direct growers can nominate GEI Sugar tonnes to these products via the QSL App or portal. Growers in non-QSL Direct regions can nominate via their Miller's nomination forms. Any GEI Sugar tonnes not nominated to a pricing option after 30 April 2024 will default to QSL's Harvest Pool.

More information on QSL's pricing options, including product overviews and terms, is available by clicking here.
