

Friday, 31 May 2024

As you know, industrial action is continuing to impact preparations for the start of crush.

- As a result, we have been forced to push back the start date for **Inkerman Mill** by four days.
- We had planned to start production at Inkerman Mill on Thursday 6 June.
- The new start date is **Monday 10 June**.
- We currently expect to start production at our other Burdekin sites on the following dates:
 - **Pioneer Mill - Monday 10 June**
 - **Kalamia Mill - Monday 10 June**
 - **Invicta Mill** on one side - **Tuesday 11 June**.
- We have been advised of further planned industrial action. Should this go ahead, we may need to revise start dates further.
- We will continue to work closely with you and keep you informed.

Best regards

JOHN TAIT

Burdekin Cane Supply Manager
