Education | Speculators

Who are speculators?

Speculators in the ICE 11 raw sugar market are participants who do not physically hold or want sugar. Instead, they attempt to make a profit by correctly predicting price movements. Speculators are ready to buy or sell instantly on any new information, bringing extra liquidity to the market.

Catch up on the latest speculator activity and other market news in QSL's latest market update, available by [clicking here](#).

Key Dates 2024

20 September

Any unpriced tonnage allocated to the ICE 11 October 2024 contract through the Individual Futures Contract and Self-Managed Harvest Contract that is not rolled by this date will be priced by QSL at the next market opportunity.

20 September

Any 2024-Season Target Price Contract tonnage not priced by this date

will automatically have its pricing window extended and roll costs may apply.

30 October

Last day for growers to nominate QSL as their GEI Sugar marketer for the 2025 Season.
