Enterprise bargaining discussions between Wilmar Sugar and Renewables and representatives of three unions in Townsville yesterday were constructive.

A Fair Work Commissioner assisted in the discussions. In the course of the day, the parties succeeded in narrowing the gap further between unions' claims and company offers.

The Commissioner, Bernie Riordan, has offered to provide further input and remain available should the parties wish him to contribute further.

Yesterday's confidential discussions are ongoing and without prejudice, so the company does not intend to discuss details outside the negotiating room.

We are disappointed that all three unions notified us of further industrial action within 15 minutes of the discussions concluding.

The planned stoppage has been notified for all sites this Saturday morning.

We will continue to keep you informed.

Best regards
