

Herbicide resistant weeds – the hidden threat to our crops

Plus-farm visit to see AutoWeed in action

BBIFMAC invites you to a presentation from:

- Paul McIntosh, WeedSmart/Pulse Australia, on the growing problem of herbicide resistance in weeds and what we can do about it

Followed by a farm visit to a local soybean crop with Paul and the AutoWeed crew, *incl. an update on the results of the Lower Burdekin Smart Irrigation legume trial from Terry Granshaw, SRA.*

All welcome at the BBIFMAC General Meeting!

When: Wednesday 21st August 9:30am – 1:30pm

Where: PCYC, Cnr MacMillan & Little Drysdale St, Ayr

- Morning tea provided on arrival at the meeting
- Lunch provided at the farm visit (off Beach Road)
- Please RSVP and specify meeting and/or field visit

Please RSVP to: secretary@bbifmac.org.au
or **phone or text** your name to 0413 864 784
