

SEASON UPDATE

wilmar
Sugar and Renewables

Friday, 30 August 2024

We have revised our 2024 crop estimate down to **15.45M tonnes** – about 140,000 tonnes less than the pre-season forecast.

The **Herbert** and **Proserpine** crops are unchanged at **4.1M tonnes** and **1.7M tonnes** respectively.

The **Burdekin** crop has been revised downwards by 270,000 tonnes to **8.2M tonnes**.

The **Plane Creek** crop has been revised up by 130,000 tonnes to **1.45M tonnes**.

Our eight factories have now processed a total of **4.81M tonnes of cane**, which represents about **31% per cent** of the total re-estimated crop.

Best regards

IAN DAVIES
