## Education | QSL's ACF Investment

In December 2021, QSL invested \$20 million for a 22% share in Australian Cane Farms (ACF), with the aim to support industry viability through retention and growth of productive cane land. The investment is fully debt-funded, with no impact on QSL pool returns or grower payments. It is considered a low-risk initiative, with an option to cash in shares should QSL choose to exit the investment. As of 30 June 2024, the investment was valued at \$23.3 million and is reported in QSL's FY2024 Financial Statements.
