## LAST DAYS!

We've had an encouraging response to the launch of our new **Managed Pool Plus**, but time's running out to express your interest.

The new pool contains both MEI and GEI sugar exposure and is actively managed by our global trading team. That means growers and millers share in the risks and rewards of a professionally managed pool.

**Expressions of interest close this Thursday (31 October).**

## Why choose the Managed Pool Plus?

### SHARED SUCCESS

Wilmar and growers have joint exposure to the sugar market. We share the gains and manage the risks together

### EXPERT MANAGEMENT

Our experienced traders will actively trade the market over an extended 18-month period to lock in the best price.

### LESS STRESS

You can stop worrying about managing your sugar exposure and focus on what you do best: growing cane.

### GROW YOUR KNOWLEDGE

We provide education on risk management, so you gain confidence without the pressure of managing the market yourself.

## KEY DATES
