

# QSL Weekly Update

15 November 2024

## Happy National Ag Day

Today, on National Ag Day, we celebrate the dedication of all sugarcane farmers across Qld and NSW who work tirelessly day in day out. From early mornings to late nights, we appreciate all that you do – thank you.

## Important STL vote closing soon

Time is running out for Sugar Terminals Limited (STL) grower shareholders to submit their votes in the current G-Class Director

election, with voting closing at 2pm this coming Monday, 18 November.

QSL is an STL G-Class shareholder and proxy holder and will vote for **Paul Schembri** during the election process at STL's 2024 Annual General Meeting on 20 November 2024.

Mr Schembri is a lifelong cane farmer from the Mackay region and an experienced Director, having held numerous industry leadership roles during his long career in the Queensland sugar industry, including Chairman of Queensland and Australian CANEGROWERS, Vice President of the World Association of Beet and Cane Growers, and a director of QSL.

**[Click here to read Mr Schembri's message to STL G-Class Shareholders.](#)**

QSL's full voting intentions for the 2024 STL AGM are:

- Vote **for** Paul Schembri as G-Class Director
- Vote **against** the STL Remuneration Report
- Vote **against** the increase to the remuneration cap
- Vote **for** the Spill Resolution if a second strike is received against the STL Remuneration Report.

We encourage all of our fellow STL G-Class shareholders to make their vote count in this important election and have their say on the future of our industry's terminal assets.

## 2024-Season pricing commitments

*Finished harvesting and concerned about meeting your pricing commitments?*

QSL has a range of mechanisms available to help address overcommitment, including washing out positions or rolling pricing forward into the next season.

Growers who are worried about delivering enough sugar to satisfy their 2024-Season orders should contact their local QSL team as soon as possible to discuss their options.

## Flexible payment options now available

### **2025-Season Pre-Crush Advance**

QSL's Pre-Crush Advance Payment Scheme now offers approved growers \$150 per tonne IPS paid in December 2024 for up to half of their 2025-Season QSL GEI Sugar estimate.

Nominations are now open and will close on 30 November 2024. Growers considering nominating to this scheme should read the full product terms, available by [clicking here](#).

Note, QSL's Pre-Crush Advance Payment Scheme is only available to QSL Direct growers and is not available to growers in the Mackay region who have opted to be paid by Mackay Sugar.

### **2024-Season Accelerated Advances**

QSL's Accelerated Advances option is designed to maximise the amount of Advances paid to participating growers prior to the end of the year, with its Advances rate rising to 90% each December.

The Advances rate then remains at 90% until the QSL Standard Advances rate also reaches 90%, usually in April or May the following year. From this time the Accelerated Advances rate aligns with the QSL Standard Advances rate for the remainder of each season.

Nominations are now open and will close on 30 November 2024. Find out more information by [clicking here](#).

# Key Dates 2024

20 November

Sugar Terminal Limited's 2024 Annual General Meeting.

---

30 November

Last day for growers to nominate to QSL's 2024-Season Accelerated Advances Program.

---

30 November

Last day for growers to nominate to QSL's 2025-Season Pre-Crush Advance Payment Scheme.
