

Weekly Production Figures

Burdekin region mills Week 26, ending 7 December 2024

Cane crushed	This week	Season to date
Invicta	26,138	2,856,848
Pioneer	0	1,348,788
Kalamia	12,318	1,494,774
Inkerman	21,029	1,714,937
Burdekin	59,485	7,415,347
CCS		
Invicta	11.35	14.32
Pioneer	-	14.31
Kalamia	10.82	13.80
Inkerman	12.53	14.08
Burdekin	11.66	14.16

Weekly variety performance for region

Variety	%	CCS	Variety	%	CCS
Q240	42%	12.25	Q232	8%	11.27
KQ228	31%	11.73	Q208	6%	11.59
Q183	10%	12.18	WSRA17	2%	9.98

Comments:

Harvesting across the region was brought to a halt by the rain event at the end of last week, and the Burdekin mills only resumed crushing towards the end of this week.

As a result, the Burdekin factories processed just under 60,000 tonnes of cane for the week.

The season-to-date total is now 7.42M tonnes, which represents 90 per cent of the Burdekin region's crop forecast of 8.20M tonnes.

The average weekly CCS was 11.66, which is well below budget due to the wet weather and cane quality.

The highest CCS of 15.6, was from a rake of Q240 2R in the Leichhardt (INK) productivity district.

We currently expect the last day of harvesting for Kalamia Mill to be Sunday 15 December. The last day of harvesting for Inkerman Mill is currently expected to be Monday 16 December.

With school holidays under way, parents and carers are asked to remind children of the dangers of playing on or near the rail network.
