RE: CESSATION OF CRUSHING UPDATE - KALAMIA MILL

The recent rain event caused delays to the harvest, and we have revised our end of season plans accordingly.

Based on an expected final crush of 1.534 million tonnes, forecast factory throughputs, no further rain disruptions, and planned transfers between mill areas, harvesting in the Kalamia Mill area is currently expected to finish on **Sunday, 15 December 2024**.

All cane is to be delivered to the siding by **4pm** on this date.

For more information, please see the attached [Cessation of Crushing Notice](#).

Once again, I would like to thank all growers and harvesting operators for your efforts throughout the 2024 season.

Best regards

JOHN TAIT

Burdekin Cane Supply Manager
