Comments:

Both Pioneer and Invicta mills recommenced operations last week following a wet weather stop, only to be stopped again by more wet weather later in the week.

Paddock conditions are challenging, and cane quality is declining. However, we are hopeful that as much of the remaining cane as possible can be harvested and processed while conditions allow.

Activity around our rail network will increase as the week goes on so parents and carers are asked to remind children of the dangers associated with playing on or around trainlines.
